

Blaine to Make a Vigorous Campaign of Maine.

PORTLAND, Me., Aug. 20.—In the political campaign, which formally opens in this State on the 21st instant, the Chairman of the State Committee has made assignments for Mr. Blaine for every day from the 24th to September 10. The campaign will begin with a mass meeting at Sebago Lake, when Mr. Blaine will speak with Gen. Wm. Gibson and Congressman Reed. Gen. Gibson will also speak with Mr. Blaine each following day until the 10th, and they are also accompanied by members of the Congressional delegation to their own districts. By this assignment Mr. Blaine will take a more active part in the campaign than he has for several years. Of late it has seemed as if he was disinclined to appear much on the stump in Maine. Mr. B. G. Hoar, of Michigan, has also received assignments at different places in the State between August 28 and September 4. Senator Hale and Congressman Reed and Dingley have already taken the stump at county conventions in different parts of the State, and Senator Frye will begin active campaign work on the 18th instant and continue till September 1.

Bayard and Public Opinion.

NEW YORK, Aug. 19.—The World's Washington special says. There seems to be but little doubt when the Mexican troubles are settled, that Secretary Bayard will retire from the Cabinet. This statement is made upon reliable authority, coming from a close and near friend of the Secretary. He would do so now were it not for the unfavorable comment it would create. His action would, he knows, be misconstrued and attributed to the unpleasant feature of the Mexican imbroglio. Much of course will depend on the manner in which the settlement of the affair is made. If Mr. Bayard can sustain himself before the people and receive their general approval, which, he says, he does not have at the present time, the question of resigning may be reconsidered.

Henry Villard has again become the owner of the magnificent palace he erected for himself during the palmy days when he was President of the Northern Pacific. Since his failure Villard has lived in Germany, but recently he completed arrangements which will permit his return to this country and on and after October next he will be at home again in New York city. It is said that he is now worth \$350,000.

At 12 o'clock Friday night the jury in the case of George W. Tyler, charged with obtaining \$25,000 from W. H. L. Barnes by means of a false contract, came into court and announced that they could not agree. They were dismissed. The jury stood nine for acquittal and three for conviction.

Albert K. Owen, a young engineer of Chester, Penn., is about to try a Socialist experiment in Sinaloa, Mexico. He has organized a railroad company, for which he has secured a right of way of 2,000 miles in Mexico and a subsidy of \$10,000,000 from the Government. The new scheme is styled the Credit Fomento of Sinaloa, and nearly 2,000 persons and well on to \$500,000 are said to be already enlisted in it.

EUREKA-LANDER.

A SURVEY JUST MADE to Ascertain the Exact Dividing Line of the Northern Parts of the Two Counties.

For some time past a difference of opinion has existed between officials and others of Lander and Eureka counties as to the exact location of the dividing line of the two counties in the neighborhood of Cortez and the Central Pacific railroad. The differences of late have, for a combination of reasons, become pronounced, and the Commissioners of Eureka county decided to have Thomas J. Read, one of the most reliable surveyors on the coast, to ascertain, if possible, the correct line in the neighborhood mentioned. Mr. Read arrived on the Base Range from California some two weeks ago and at once secured a party to assist him in the work. He returned to town night before last, and from him a Sentinel reporter learns that in making the survey in 1873 it appears that the surveyors for Eureka county presumed that the original Lander county was 43 miles wide, but they had no measurements to ascertain its exact width. Eureka county was, according to an Act passed by the State Legislature of 1873, entitled to the eastern half of Lander county. The north-west corner of Eureka was established at the 41st degree of latitude, and from this point the survey was run west 21½ miles; thence south to the south boundary line of the original Lander county. The original Lander county, it afterwards appeared, was over 43 miles in width, to half of which excess of territory Eureka county was, as a matter of course, entitled.

In making his survey, Mr. Read determined the width of the county from the astronomical stations at Carlin (the eastern boundary), and at Battle Mountain, near the western boundary of the original Lander county. The center line was established by running east from the astronomical station at Battle Mountain. These astronomical stations are practically exact, and the measurement to determine the center line could be made very correctly. From the center point on the Humboldt river a line was run south to the Cortez Mining District. This survey gives Eureka county the Wenban mill at Cortez and 2 18-100ths miles more of the Central Pacific railroad track than has been assessed in Eureka county.

A NEVADA JOSEPH

The Carson Appeal says: Joseph Marzen, a rancher who lives at Winnemucca, is paraded by the San Francisco Examiner as a "Nevada Joseph." It appears that his wife was anxious to secure a divorce, and accordingly set women to work to induce him to forget his marriage vows. He was enticed into all kinds of bad company, surrounded by all kinds of wily and entrancing women, and in spite of all the seductive arts of the sirens, he never violated any of the proprieties, and the detectives placed on his track were unable to make any adverse report.

This simply shows what a glorious soil and climate we have up here. It is not surprising that a paper published in the modern Sodom is astonished at the rare chastity of Marzen, but such icy virtue among Nevada ranchmen is no new thing up here. The inhabitants of this State are wiser than their generation, and a few bottles of Roderer and a pretty woman or two seldom catches anybody out from this section. What an extra bottle and another woman might accomplish is another question.

A queer phase of railway industry is a railway tree nursery, near the little town of Furlington, Kan., in the southern part of the State. It is the largest artificial plantation of forest trees in North America and is owned by the Southern Pacific. The different sections have been planted, respectively, two, four and six years. One-fourth is planted with alanthus, the rest with the catalpa, and a few of white ash. Those first planted are now about twenty-five feet in height, the last about twelve. Some of the taller are seven inches through the stem. There are in all about 3,000,000 of trees in full vigor on those plantations. Out of these trees will come the railway ties of the future.

An illicit still, that had been run for three months, was recently discovered in the cell of a prisoner in the Atlanta jail. The still was composed of a small stove and kettle. The worm was made of an India-rubber tube. The prisoners in his cell would save up their corn bread until a sufficient quantity was obtained, when the stiller would make a fair article of corn whisky.

There is a tree in Mexico called the oily cocoa. Its seed is almost composed of a fatty substance which has sometimes been used in making soap. A quantity of this seed was recently shipped to Europe, and a Stuttgart baker successfully used the oil as a substitute for lard in making bread and cake.

A Woman's Courage at Sea.

Captain Wallace's niece, a young English girl, married a sea captain and went in his sailing vessel with her husband, visiting many countries with him. On her first trip, when she was yet a young bride, there was a mutiny and her husband was wounded or knocked senseless in his cabin. The sailors were about to spring down the companion-way into the cabin, when the young woman barred the way, pistol in hand, and promised to shoot the first man who moved toward her. She held them thus at bay till wrath burned out and the mutiny was at an end.

On the next voyage they were shipwrecked, and this brave-hearted girl, with her young baby, was lashed in the rigging, and remained there for several days before they were rescued. They had nothing to eat, and the mother's natural food for her child was exhausted. By some means a can of meat was fished up from the ship and the child fed on this until it was all gone, and the little one about to starve. But the mother put her teeth into her hand, between the thumb and forefinger, and bit a gash into her own flesh, from which the blood flowed. The child sucked this, and that night the almost dying crew and the brave sailor-wife were rescued.—N. O. Picayune.

Considerable speculation is indulged in by the leaders of both parties, as to the position James Fair will take in the coming campaign; and as usual there are many quasi-party men who are waiting to see where the sack will be this Fall. With Fair out of the fight it is uncertain who will be our next Senator from Nevada; Stewart, Wren and Powning, each want the honor from the Republican party. While the Democratic party has such timber as Col. A. C. Ellis, Gen. E. M. Clarke and others to choose from who would make a strong fight on merit. So it is hard to tell yet who will be our next Senator.—Battle Mountain Central Nevada.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is sold by all druggists throughout the world. Price 25 cents a bottle. Feb. 21—wv-1v

Dr. H. H. Hogan voted at the Democratic primaries yesterday. So there will be no Greenback party in Washoe county this year. That settles that, unless Beck goes to the front, and runs a little party of his own.

The Dule Base Ball Club returned yesterday afternoon from his trip to Quincy, and are unanimous and enthusiastic in their praises of the hospitality and sociability of their northern friends, and are very anxious to have a chance to reciprocate fair week.

Hon. A. H. Saxton, who served eleven years in the San Francisco Custom House, died from the effects of a paralytic stroke at Tahoe City Thursday morning. Mr. Saxton erected one of the first sawmills at Lake Tahoe, and also constructed and launched the first steamer on the lake.

Services at the Baptist Church, Sabbath morning and evening. Rev. C. L. Fisher, of California will preach. Subject for 11 A. M., "A Future General Judgment." At 1 P. M. the funeral of Mr. and Mrs. Thompson's little son aged 5 years, will be attended from the Baptist Church. At 7:30 P. M., the Baptist School will give a Sunday School concert. An invitation is cordially extended to all lovers of the Sabbath School.

A HORSE IN A JEWELRY STORE.—One of the most novel sights ever seen in Reno was witnessed last evening, shortly after six o'clock. A bay mare, belonging to one of the Italians up on Powning's ranch, broke loose from the team, and run down into town, making its way to the rear of Pinniger's drug store, and against the protest of the proprietor walked in to the prescription room. From there it boldly marched into Herz's apartment, and proceeded between the show cases until it reached the show window, where the watch repairers were engaged. Herz and his assistants had to make themselves scarce for a few minutes, of course, but the animal behaved splendidly, and after Mr. Talbot took it by the head, he soon backed it right out, and no particular damage was done. The occurrence attracted a large crowd of people, and the expressions called forth were as many and varied as a person could imagine. Reno is bound to keep up with the times.

TEACHERS' EXAMINATION.—County Superintendent Roff requests us to state that the examination for teachers' certificates will commence at the new school house Tuesday, August 24th, at 9 o'clock A. M. All persons desiring certificates are requested to be on hand promptly at the stated time; as no examinations will be made thereafter.

THE METHODIST CONFERENCE.

Second Annual Session—Proceedings—List of Delegates, Etc.—Missionary Meeting.

Enterprise, 21st.

The mission conference met yesterday morning at the church, Rev. Henry Aston, pastor of the M. E. Church, Reno, occupying the chair.

During the Communion services, with which the exercises and proceedings of the Conference opened, Bishop Warren, whose arrival from Alaska had been delayed by the breaking of the machinery of the steamer, came into the church, having just arrived in the city by the morning train. He was cordially welcomed, and placed in the chair as presiding officer.

The roll of the conference being called sixteen delegates answered to their names; one was reported sick, and another was announced as having answered to the roll call of eternity: Bishop Henry W. Warren, D. D., LL. D., Presiding Superintendent; George W. De La Matyr, Superintendent of Mission; John H. De La Matyr, Henry Aston, T. P. Bradshaw, E. W. Van Deventer, G. B. Hinkle, C. H. Kirkbride, T. E. Sisson, G. W. Miller (died), A. C. Dutton, Lorr Ewing (sick), J. W. Pendleton, A. S. Barstow, Warren Nims, J. D. Hammond, E. McEvers, C. H. Gardner, A. J. Polglaise.

Quite a number of visiting clergymen were now introduced to the brethren, among them that veteran of the Bible Society, Dr. Thompson, of Oakland; the white-haired editor of the Christian Advocate; Rev. D. F. Cray; Rev. I. White, pastor of the Presbyterian Church, of this city, and President McCammon, of the University.

Business matters and observances of interest occupied the attention of the Conference until noon, when it adjourned, to meet at 8:30 o'clock A. M. to-day leaving the afternoon for committee work.

Last evening the Society of Good Templars entertained the members of the Conference in good style, and there were addresses, interesting exercises and a general good time.

This evening there will be a missionary meeting held at the church commencing at 7:30 o'clock. Addresses will be delivered by Rev. Dr. Thompson, of San Francisco, and Bishop Warren.

ALL ABOARD AGAIN

The Grand Annual Picnic Excursion of the Miners' Unions of Storey and Lyon Counties.

As already announced in the JOURNAL, the Miners' Unions of Storey and Lyon counties propose holding a grand joint picnic excursion on the 14th of next month at Frendway's Park, Carson City. The full programme of the occasion is published in our advertising columns today, and embraces not only the regular style generally pursued, but a fine list of valuable prizes to be contested for in various interesting games, rifle and glass-ball shooting. Coin prizes alone are offered in the shooting contests, and those for the ladies', girls' and boys' races, jumping matches, fireman's tournament, etc., are all very desirable. Between now and the day of the excursion other contests will doubtless be arranged, involving the offering of more prizes. The National Guard Band will furnish the music for the occasion, and in the spacious new pavilion at the Park all can dance to their heart's content. The names of the various local committees for Silver City, Virginia and Gold Hill, rates of fare, etc., are given in the published programme.

DEMOCRATIC PRIMARIES.—Contrary to general expectation two tickets were in the field yesterday, but both were headed "For Governor, Theo. Winters." P. H. Mulcahy and Al. White were on both tickets. The so-called regular ticket had on J. P. Richardson, John Hogan, A. H. Willis, C. Lemery and Wm. Webster. The opposition ticket had Richard Ryland, J. J. Becker, Wm. McLaughlin, F. Lemmons, H. R. Campbell. The contest was a good natured and friendly one between men who wanted to go to the State Convention. There were 227 votes polled.

ONE DAY TO GREENVILLE.—The Greenville Bulletin says: Mrs. McLane, proprietress of the stage line between Reno and Beekwith, arrived Monday, and she is perfecting arrangements to run stages through in one day to the Junction to connect with the cars there. This will increase the mail facilities of this section materially, and will cure the evil of delay to which this journal referred some time since. The mail will be received much earlier and passengers from this place can reach Reno in one day.

Walter L. Newberry, dying in Chicago, left a widow and a fortune. The widow was given the whole estate during her lifetime. She was young, and no one thought that the other heirs, Mr. Newberry's eight nephews would be benefited. The widow went to Paris, where recently she died. Now each of the eight nephews has come into \$300,000, among the nephews being Gen. W. C. Newberry, chief of the famous Iroquois of Chicago. This is the same estate from which Chicago gets \$2,400,000 for a public library.

The hydrographic office of the Navy Department is trying to secure the co-operation of foreign powers in a plan to divide the great oceans into sections, in each of which some power will engage to destroy the hulks of wrecked vessels, which now float derelict upon the ocean and are the source of great dangers to commerce. A vessel laden with lumber may have to be abandoned, and yet will not sink for many months, but floats about to the great danger of every passing vessel.

State troops have for months been stationed at Morehead, Ky., to preserve the peace between the Tolliver and Humphrey factions. These leaders have recently signed agreements to leave Rowan county forever. State Attorney Caruth agrees to compromise by dismissing the prosecutions.

Cleveland, Tenn., is becoming quite a mule-shipping center. Nearly \$6,000 worth of animals a week are shipped from there.
